# *Elevate*

AN ACADEMY ONLINE

*Investment & what's included*

ONLINE · RETREATS · WORKSHOPS

# *An academy for the work that takes a person from successful to substantial.*

---

Elevate Academy is a private academy - online and in person. We work with a small number of people each year, intentionally. The lead mentor draws from business mastery, indigenous wisdom traditions, shamanic practice, and decades of lived experience across continents.

*You were never meant  
to walk alone.*

A career in business across continents - operations, real estate, hospitality, ventures generating revenues in the billions. A parallel life of study with indigenous peoples in deserts and jungles. The Academy is the synthesis of these two lives.
